BROAN®
HEATING AND COOLING SYSTEMS

Warranty & Quality Pledge

PEACE OF MIND

THE ONLY THING THAT FEELS BETTER THAN THE AIR WE CREATE IS THE WARRANTY BEHIND IT.

We believe Broan® heating and cooling products are the best available. That's why when your product is registered we offer a 10-year limited warranty on all parts, and with our Quality Pledge* we'll replace your entire unit should a furnace heat exchanger or compressor fail within the first 10 years of purchase.

HERE'S HOW OUR QUALITY PLEDGE WORKS: Your Broan heating and cooling unit(s) will be replaced with new equivalent equipment should your compressor or furnace heat exchanger fail during the first 10 years (with product registration*) of ownership. All Broan K model furnaces are excluded from the Quality Pledge. NOTE: A labor fee of $250 will be paid to the servicer to help replace the failed piece of equipment under a Quality Pledge. Broan split systems must be installed with a Broan matched indoor coil or air handler.

HERE'S HOW OUR PARTS WARRANTY WORKS: All parts on your Broan heating and cooling unit(s) are covered by a 10-year limited warranty with product registration, or five-year limited warranty without product registration. Non-registered Broan K model furnaces carry a three-year all-parts limited warranty.

Also, when registered, furnaces that carry a 20-year limited heat exchanger warranty will be upgraded to a limited lifetime heat exchanger warranty.

Air handlers and coils carry a three-year all parts limited warranty and, when installed and registered with a matched Broan outdoor unit, will carry the outdoor system warranty.

Simply register online at www.broanhvac.net and your limited parts warranty and Quality Pledge will be upgraded to 10 years.

LIMITATIONS: For systems not registered within 60 days of purchase, the five/three year parts limited warranty applies. Standard compressor and furnace heat exchanger warranties apply for applicable products not registered. See actual warranty for details. Warranty and Quality Pledge are applicable to original owner; single-family, owner-occupied residences. This extended product coverage is non-transferable. See warranty document for coverage on commercial and multi-family properties if applicable.

EXTENDED WARRANTY PROTECTION: While your Broan warranty covers parts, the cost of labor charged by your contractor for service and repair is not. However, your contractor may offer various coverage plans.

* ESA/ESH models carry a one-year Quality Pledge when registered.

10 YEAR WARRANTY
