HIGH-EFFICIENCY  
FURNACE

## EXCLUSIVELY MADE FOR YOUR MANUFACTURED HOME.

Today, the manufactured home is a sophisticated, affordable home that is a smart choice for many buyers. Equally smart is knowing that your manufactured home furnace is just that – a manufactured home furnace. Specifically designed for your manufactured home, an Broan furnace offers high efficiency and system dependability.

The more you learn about our manufacturing process, the more you'll see that no other heating and cooling manufacturer compares to Broan's product quality – quality made possible through Demand Flow Technology™. While other companies test products at random, we use 100% computer-automated testing on every Broan

product to eliminate human error in the final analysis of product quality. We are the only heating and cooling manufacturer to be DFT certified.

You can rely on your Broan expert to make your home more comfortable with digital thermostats and other manufactured home accessories.

It's a comfort to know that Broan is made for your manufactured home, and it's a comfort you can feel.
