

Built exclusively
for manufactured
homes

**13 SEER HIGH-EFFICIENCY
AIR CONDITIONERS AND
HEAT PUMPS**

**COMFORT AND
RELIABILITY**

EXCLUSIVELY MADE FOR YOUR MANUFACTURED HOME.

While there are many choices when considering air conditioners and heat pumps, few are designed and tested specifically for use in manufactured homes.

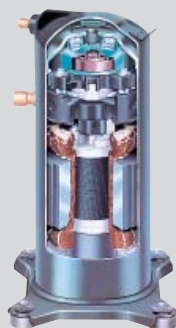

A Broan 13 SEER split system air conditioner or heat pump offers maximum efficiency and system dependability for your manufactured home. You can rely on your Broan expert to make your home more comfortable with digital thermostats and other manufactured home accessories.

The more you learn about our manufacturing process, the more you'll see that no other heating and cooling manufacturer compares to Broan's product quality – quality made possible through Demand Flow Technology™. While other companies test products at random, we use 100% computer-automated testing on every Broan product to eliminate human error in the final analysis of product quality. We are the only heating and cooling manufacturer to be DFT certified.

It's a comfort to know that Broan is made for your manufactured home, and it's a comfort you can feel.

FEATURES & BENEFITS

- Steel Guard™ – Protects the unit coil from being damaged by balls, lawnmowers, hail, etc.
- Permanently lubricated motor delivers long-lasting reliability and quiet operation.
- One-piece top designed for maximum airflow and quiet operation.
- State-of-the-art scroll compressors on select 13 SEER models improve efficiency for economical comfort.

HEAT PUMP MODELS ALSO FEATURE:

- Time/temperature defrost feature offers flexibility to meet any type of climate.
- Muffler reduces noises inside and out for efficient, quiet operation.

Extend your standard 1-year parts and labor warranty to 5 or 10 years under our Watchdog Protection Plan. If you ever sell your home, the protection plan is transferred to the new owner at no cost.
