

PROVIDING COMFORT, QUALITY AND WORRY-FREE PERFORMANCE

**M1200 13 SEER R-410A Fixed-Speed Gas/Electric  
Packaged Products**

## Maytag® M1200 High-Efficiency 13 SEER R-410A Fixed-Speed Packaged Gas/Electric Products

You can always look to Maytag to make your life just a little more livable. Maytag's series of gas/electric products work seamlessly and efficiently to increase your comfort at home. These units are designed to be quiet and energy efficient while providing comfort and dependability. For your peace of mind, each Maytag gas/electric unit offers a 12-Year Worry-Free Limited Warranty, one of the most comprehensive warranties available. Plus a limited lifetime heat exchanger warranty.

A gas/electric packaged unit combines the convenient electric cooling of an air conditioner with the energy-efficient gas heat of a furnace, all in one space-saving outdoor unit.

All Maytag heat pumps and air conditioners are built using proven, reliable parts. Each part is examined carefully with our rigorous quality check process.

Your select Maytag heating and cooling dealer can help you determine if a gas/electric pack is the best solution for your home comfort needs.

Maytag gas/electric packaged units feature Smart Cool 410™ refrigerant, an earth-friendly, non-ozone depleting refrigerant.

**Smart  
Cool™<sub>410</sub>**

### Energy Efficiency

Maytag packaged products provide high-efficiency, less energy consumption and lower utility bills. You can be sure in the total comfort of your home that Maytag packaged products will save you more.

Annual costs based on 36,000 Btu units, 1,500 cooling load hours and .08/kwh. Actual costs may vary depending on climate conditions, energy rates and patterns of usage.

### Advanced Technology

On gas/electric units, the SmartStart® Control Board learns the igniter's heat-up characteristics. It then adapts the ignition time to the packaged unit's characteristics, resulting in extending the life of the igniter.

### Quiet Comfort

The high-efficiency condenser motor and fan blades provide quiet operation and low vibration.

Your packaged unit is only one part of the comfort system that affects your air quality and energy savings. Maytag offers a complete line of system components to improve indoor air quality and help ensure the performance of your comfort system.

### Durability and Style

This model features polyester, urethane-coated galvanized steel with a 950-hour salt spray finish, which protects the unit from corrosion 50% better than other coatings.

### Peace of Mind

Maytag products offer a 12-Year Worry-Free Limited Warranty on parts.

Plus, our Dependability Promise states that your entire unit will be replaced if the compressor or heat exchanger fails within the first 12 years of purchase.

Ask your Select Maytag heating and cooling dealer or visit us at [www.maytaghvac.com](http://www.maytaghvac.com) for warranty details.
