NuTone®

WARRANTY AND QUALITY PLEDGE

NUTONE WARRANTY AND QUALITY PLEDGE

We believe NuTone heating and cooling products are the best available. That's why when your product is registered we offer a 10-year limited warranty on all parts, and with our Quality Pledge* we'll replace your entire unit should a compressor or furnace heat exchanger fail within the first 10 years of purchase.

Here's how our Quality Pledge works: Your NuTone heating and cooling unit(s) will be replaced with new equivalent equipment should your compressor or furnace heat exchanger fail during the first 10 years (with product registration) of ownership. All W and K models are excluded from the Quality Pledge. NOTE: A labor fee of $250 will be paid to the servicer to help replace the failed piece of equipment under a Quality Pledge. NuTone split systems must be installed with a NuTone matched indoor coil or air handler.

10 YEAR WARRANTY

QUALITY PLEDGE

*ESA/ESH Models carry a one-year Quality Pledge when registered.

Here's how our Parts Warranty works: All parts on your NuTone heating and cooling unit(s) are covered by a 10-year limited warranty with product registration, or five-year limited warranty without product registration. Non-registered K model furnaces carry a three-year all parts limited warranty. Non-registered W model split systems carry a three-year all parts limited warranty and a three-year compressor warranty. Also, when registered, furnaces that carry a 20-year limited heat exchanger warranty will be upgraded to a limited lifetime heat exchanger warranty.

Air handlers and coils carry a three-year all parts limited warranty and, when installed and registered with a matched NuTone outdoor unit, will carry the outdoor system warranty.

Simply register online at www.nutonehvac.com and your limited parts Warranty and Quality Pledge will be upgraded to 10 years.

LIMITATIONS: For systems not registered within 60 days of purchase, the five/three year limited parts warranty applies. Standard compressor and furnace heat exchanger warranties apply for applicable products not registered. See actual warranty for details. Warranty and Quality Pledge are applicable to original owner; single-family, owner-occupied residences. This extended product coverage is non-transferable. See warranty document for coverage on commercial and multi-family properties if applicable.

EXTENDED WARRANTY PROTECTION: While your NuTone warranty covers parts, the cost of labor charged by your contractor for service and repair is not. However, your contractor may offer various coverage plans.
